

QUALITY POLICY

At **ZNK**, our purpose is to ‘**Keep Rolling**’ lives by delivering dependable bearing solutions crafted to **International Quality Standards**. We are committed to building lasting customer trust through

- ✓ Supplying high-quality, fit-for-purpose products that meet customer needs.
- ✓ Continuously improving our processes with a focus on consistency and reliability.
- ✓ Maintaining strict quality control, material traceability, and performance at every stage.
- ✓ Partnering with trusted suppliers to ensure dependable quality from source to shipment.

Our quality management system is supported by regular audits, management reviews, and corrective and preventive actions.

We remain committed to regulatory compliance, workplace safety, sustainable practices, and timely delivery.

Quality is everyone’s responsibility, and we work together to uphold high standards in everything we do.
